

Tide Pools Vocabulary Flash Cards

The following pages have all the vocabulary words used in the three books in the Tide Pools activity set, along with a small picture illustrating each word. There are three words per page. These flash cards support the on-computer activities in Tide Pools, and also might be used with other units on sea animals and birds.

If you print these on heavy paper and cut horizontally between each word and its picture, you will make three flash cards from each page. Be sure to have your printer set for landscape and print without a border. You also could cut the pictures apart from the words and use them for matching games. Duplicate the pictures so you have a pair of each for card games and playing Remember.

aggregate

barnacles

beach

VOCABULARY Print landscape mode on heavy paper. Cut in 3 strips for flash cards, or cut pictures and words apart for matching.

cormorant

crab

curlew

VOCABULARY Print landscape mode on heavy paper. Cut in 3 strips for flash cards, or cut pictures and words apart for matching.
