

Mayan Jungle Adventure Vocabulary Flash Cards

The following pages have all the vocabulary words used in the Mayan Jungle Adventure activity set, along with a small picture illustrating each word. There are three words per page. These flash cards support the on-computer activities in Mayan Jungle Adventure, and some also might be used with other units on animals and birds.

If you print these on heavy paper and cut horizontally between each word and its picture, you will make three flash cards from each page. Be sure to have your printer set for landscape and print without a border. You also could cut the pictures apart from the words and use them for matching games. Duplicate the pictures, and you have a pair of each for card games and playing Remember.
