Let's make a snowman! First, we need to roll a big snowball.

Okay, now roll a medium snowball. Put it on top of the big snowball.

That's right! Now make a small snowball for the head and put it on top.

Great! Next, use more snow to make two arms.

Super! Now it's time to give the snowman a face.

Page 11

The snowman is finished, but we can make him even better. Choose a hat to dress the snowman.
